CHILOCCO HOLDS ANNUAL POW WOW

We the Indian Club sponsors and members wish to take this opportunity to thank you students and staff for all of the cooperation and assistance which we received from you. To all of the staff members who contributed to us in either cash or grocery items . . . and the fact that they showed their interest in supporting us and our school Pow Wow. We also want to thank the students who really showed their respect to our many visitors by maintaining their fine behavior. The incidents were minimal during the Pow Wow this year. However, many of our outside visitors did daily throughout the year by those who did. However, many of our visitors did comment on the fine behavior of our entire student body and of the reception which they received from those students whom they spoke to.

The annual school Pow Wow was a 100% success thanks to those who helped us make it possible. A special thanks goes to Mr. Semion McCarty and his food service staff for the excellent meal which they skillfully prepared especially for the Pow Wow.

We are deeply honored that some of the "cream of the crop" dance contestants were in attendance and many of these contestants have been winners throughout the nation. Congratulations are in order to those who placed in each category.

The winners in each category are as follows:

EDITORIAL

By Patty Leemhuis
Student Editor

This is the time of the year when we must say "so long to our best of friends," but this spring we also hope we can say "see you next year" here at Chilocco.

For many of us this past semester went by fast, it seemed like it was only yesterday when we were enrolling for the spring term.

To me and maybe to some of you it was a good school year. Sure, there were some of us who had our ups and downs but for most of us we can say we accomplished much this past semester. Chilocco is still the place to get your high school education. For it is here we can learn responsibilities to oneself and to others. Your opportunities in going out into the world are greatly increased if you only take advantage of them.

In closing out the semester let's hope that you have an enjoyable summer and can and do return to Chilocco next fall.

IF I DIE

If only when I die
you'll bury me at Chilocco High
Put my Math book at my feet,
tell Mr. Stone of my defeat.
Put my art at my side,
tell Mrs. Wilson that's why I died.
Put my Science on my chest,
tell Mrs. Burnette I did my best.
Put my English at my head,
tell Mrs. Hanshew that's why I'm dead.

CHILOCCO PRINCESS AND BRAVE

This year's 1978-79 Chilocco Princess and Brave is Teri Spoon and Victor Delaware.

Teri is from the Absentee-Shawnee and Choctaw tribe and is from Norman, Okla. She is 17 years old and will graduate in June. She has been very active in all school activities. She's been on the basketball team for 3 years and on the track team for 3 years and also a Cheerleader for 1 year. She is a member of the Honor Society, Student Council, President of the Junior class and her academic and dormitory record has been outstanding.

Victor is from the Comanche and Caddo tribe and is from Anadarko, Okla. He is a 16 year old Sophomore this year and has been very active in boxing.

The Indian Club selects the Princess and Brave. The candidates must have good citizenship in the dormitory and high marks in their academic classes to qualify for the award. The sponsors are Mr. and Mrs. Leonard Anquoe.

ALUMNI NEWS

By Jim Baker, Superintendent

Did you know that Wiley Green was a 440 yard dash whiz at Chilocco, or that Jack Scott and Tom Moore were school Journal editors? Did you know that Sue Barnes and Dion Francis were senior class officers? Well, they were, If you don't believe it, turn to your 1929 Annual (if you are that far back) and see that Wiley Green was also senior class president of 1929 in a class of 54 seniors

I can't believe Charles Snell was Valedictorian or Billie Durant was the Chiloccoan queen. See all of them this year at the Annual Alumni and Former Employees Reunion on June 9 and 10 at Chilocco.

This annual reunion is for any and all Chilocco graduates and former employees to reunite, rejoice and meet students of other years.

Most importantly, this year's honorees is the class of 1929 (50 years class) and the class of 1959 (20 years).

We hope all who read this will pass the word around to those graduates and former employees they know for this annual eventful day held each year. We also hope the Classes of 29 and 59 will be here for the meetings, banquet, dance, bar-b-que, etc. . . Let's see which class can win the special recognition of having the largest representation. I am sure it will be the Class of 1960 coming in first, as usual, so we challenge all the others.

If you need a place to stay, the dorm and chow hall (now Wheeler Hall) is available free of charge. Pass the word around and we will see you June 9-10, 1979.

Senior Prophecy

By Patti HeCrow and Patty Leemhuis

We are looking into the future of our May graduates. This is the year of 1989, and we would like to look up the graduates to see how they are progressing.

In 1979, there were 15 students that graduated in May and it's going to be rough finding what each of them are doing now we'll try our best !!.

The first grad. that we have located wasn't very hard to find for she is now top paid advertising executive, specializing in Indian Fashion Design and also running for Miss Indian America. She's come all the way from being Princess of Chilocco Indian School back in the cold year of 1979. Can you remember who that is? And yes it is, Teri Spoon.

Now we find Pam Mopope and Wichita Blaine running the ABC (Alcohol Beverage Control) in Oklahoma City, Oklahoma. They finally got a an monopoly of all the booze in Oklahoma. And they themselves are into it.

Guess who really made it to the big times? Vince Parker better known as Fat Cat. He is scheduled for 15 round championship bout soon to fight against the champion Killer Fist Flying Horse doesn't seem possible that a few years ago he was a amateur boxer here at Chilocco Indian School.

It comes as no surprise that Gail May and Zoie Page are now sister in laws for they both married the Watkin boys. Joey and Marty are now successful publishers in the printing industry havin recently purchased the Los Angeles Times with a circulation of 3 million. Zoie and Gail have no time for work for they are at home sitting and watching the (little Watkins) that's the breaks.

We never thought Doris Fisher was serious when she first mentioned she would be another of "Charlies Angels" but guess what, she really is one and now does the most unbieveable things so look out guys.

We find Daniel Williams settled and playing Pro Football for the Detroit Lions as their top defensive lineman—he can always say he got his start playing for the Chilocco Indians.

It didn't take long for Jill Whiteskunk to find out how to make money. She has become the first women to enter the NBA, yes this is the Men's basketball assn. She is now the starting forward for the Washington Bullets. Eat your hearts out girls.

After gaduation Alfred Eyle took up Auto Mech. but soon found the money was in salvage business after making his first million he went to the profession of tracking bigfoot in the state of Washington, which has been a life long dream of his.

Patricia Johnson finally got back to the Mississippi mud. She's a government consultant flood controller of the Mississippi River. She's not married yet but is still looking for that right man.

As we were driving through Oklahoma City we stopped at the new Pizza Parlor and guess who we found there William Pipestem, yes he is the manager for the place and he says he is very happy where he is now working.

We happened to be in South Dakota and ran into Wanda St. John, when asked about her career all that she had to reply was I'm hoping to strike it rich someday but I still miss the "good ole days at Chilocco."

We done alot of work so far and are very tired, and last but not least we found Marcella Roy back here at Chilocco Indian School, we happened to walk into the office and Marcella was sitting in Mary Clary's chair with work piled up to her neck and says I've always wanted to be a counseler and look what I got myself into—"too bad!"

Finally that is all accomplished, and we are very surprised at our ole friends who have succeeded in doing something big.

SENIOR PROFILES OF 1979 CHILOCCO GRADUATES

The staff of the "Indian School Journal" take great pride in presenting the spring candidates for graduation.

CHILOCCO TITLE I PAC ATTEND WORKSHOP

Three of the four members of the Chilocco Title I Parent Advisory Council (PAC) attended a two day workshop in Oklahoma City, Oklahoma, on March 15, 16, 1979. The workshop training was conducted by Mr. JOE WORK of the Tribal Development Assistance, Inc. of Noble, Oklahoma. The training was designed to develop Parental involvement in all aspects of the Title I program. Those in attendance were Ms. ANN C. PAGE, Ponca City, Oklahoma, Ms. BERNADINE ROY, Ponca City, Oklahoma, Mr. H. R. RATTLER, Oklahoma City, Oklahoma, and Title I Coordinator GEORGE DUNAGAN, Chilocco, Oklahoma.

CHILOCCO TITLE I AND SPECIAL EDUCATION STAFF ATTEND WORKSHOP

A two day workshop was held in Oklahoma City on April 5, 6, 1979. Representing Chilocco was Superintendent JIMMY R. BAKER, Special Education Coordinator DIXIE OWEN, Special Education Teacher LINDA WRIGHT, Title I Reading Teacher JACK OWEN, Title I Math Teacher AL WILSON, and Title I Coordinator GEORGE Dunagan.

The first day Mr. JAY DREIBILBUS, from the Navajo Area Office, Gallup, New Mexico provided those in attendance with information regarding the Normal Curve Equivalence (NCE). The system each school is to start using in reporting student gains.

The second day Ms. DEBORAH MURPHY and Ms. LINDA WILSON, of the Child Service Demonstration Center in Cushing, Oklahoma demonstrated the various methods employed by the center in working with children with specific disabilities. The workshop was well received by all in attendance.

EVALUATION OF TITLE I MATH CLASSES

The Title I Math classes at Chilocco Indian school are nearing completion of another successful school year. Final reviews and post-tests are all that's remaining for the spring term. Students are to recall subject matter that was covered earlier in the term.

In the beginning of the school year, there were two broad goals set (1) to develop mastery of basic computational skills, and (2) to make correct application of those skills. The development of meaning and understanding within the learners capacity to perform is considered extremely important. With this thought in mind, the students were first pre-tested to determine strengths and weaknesses. From this pre-test an Individualized Education Plan (IEP) was prepared for each student and the students began lessons on a small educational computer.

"I'm optimistic about projections set earlier for the school year, I feel that we have had good success, mainly because of the students desire to learn," said Title I math teacher Al Wilson.

When asked about the math class, one student commented, "math was fun and I learned." Another student said "same here, I never had a math class like this and I like it."

The instrument used for pre and post-testing was the Science Research Associates (SRA), a standardized test.

††††††††††

EVALUATION OF TITLE I READING CLASSES

With the semester closing May 11, we are looking forward to measuring student gains in reading. At Chilocco, the Gates-McGinnity Reading Test is used to measure at what level each student is reading when he or she enrolls. If he or she is two or more years behind in reading, they qualify for the Title I Reading Improvement Class. For those who do qualify, we use this test score as their pre-test. Now the time for post-testing is getting close, and the students are very interested in testing dates, and the gains they have made. We anticipate gains comparable to previous semesters, which have averaged more than one year gain per student for the semester. This makes an average of more than two years gain for each student per school year.

The two days at the Oklahoma City Title I Workshop turned out to be time very well spent. The presentation by Deborah Murphy and her assistant from the Child Service Demonstration Center at Cushing, Oklahoma was very refreshing and informative. From a representative from the Gallup area, we learned about NCR's which should prove very useful in compiling student gains in the future. As always, the staff from the area office had organized a very effective and cordial workshop. The workshop was a very pleasant experience, and for those responsible, a "well done" is in order.

Charming and stubborn, down-to-earth yet fond of luxuries those are some of the traits applied to Taurus. Money plays a role in your life: either you make a lot of it, or you try to ignore it. To have you as a friend is a treat; you hang in there when everybody else is leaving the sinking ship! You are creative and practical and like to plan ahead. Be flexible; learn to listen! With your good sense, loving approach, and perseverance, you can make your life a great success!

This looks like a sentimental month, with felings close to the surface. Let bygones be bygone (an old love?) and turn to the future. Friends are all around you, and lend moral support. Get papers and other assignments done efficiently, but double-check them!

GEMINI (May 21-June 20): This ought to be an active time—don't make it a nervous one! Your head should be in a creative place—put your ideas on paper, and USE them! Socially, you might be in quite a whirl. Romantic vibes are strong, but you need to keep up with old, tried-and -true friends!

CANCER (june 21-July 20): Look forward to a postive, progressive month! The social scene looms large, and new people, your age and older, might get you interested in something different. (Star-gazing, perhaps?) You should feel in top shape, physically and mentally. A period of uncertainty is over—you're going into action!

LEO (July 21-Aug. 21): It's a great time to make decisions about your career—plan your strategy with an older person you trust. Your ideas find receptive ears. Don't cone on too strong, though, with those close to you, especially! A loved one needs extra care and attention.

VIRGO (Aug. 22-Sept. 22): If it's change you want in your life, now's the time to initiate it! Plan for the long haul, though. If you're not actually moving to a new place, your head certaintly should! Love and social gatherings are in the spotlight. Have fun, all you serious Virgos!

LIBRA (Sept. 23-Oct. 22): Be flexible with loved ones—to insist on your rights isn't always the smartest course. Your opinion about things and people may undergo quite some change—you might even have a romance with somebody you wouldn't have considered before.

SCORPIO (Oct. 23-Nov. 22): The one closest to you is apt to play a big role in your life right now. Look for his/her help when your workload seems overwhelming. Just keep your temper even—with everybody! Count your pennies before a spending spree!

SAGITTARIUS (Nov. 23-Dec. 20): Now you need a steady approach, practical handling of details! Don't let moods get in the way of work, school commitments. It's a great time for artistic and creative projects. A romantic attachment may end; go on to a new and better one!

CAPICORN (Dec. 21-Jan. 19): A fun-filled social life, lots of good things happening on the home front, and an interesting new project (community involvement?) should keep you well and joyfully occupied. Expect unexpected visitors; one might be extra special!

AQUARIUS (Jan. 20-Feb. 18): Pleasant surprises, romance in the air—what more do you want? Hard work's in there too, but it will get you where you want to go—IF you know where that is! Spruce up your room to go with your new maturity. Use your ingenuity to stretch your decorating budget.

PISCES (Feb. 19-Mar. 20): There may be more work than you'd asked for, but opportunities knock at your door. Get in there and DO! A bumpy phase in your life is over now, and things should become smoother. Even an unclear love situation should straighten out.

ARIES (Mar. 21-Apr. 20): You should be full of novel, creative ideas. Find someone who will help you put them into action. That special person may need some freedom. Give it—he/she'll be back gratefully! A gift could be coming your way, and love vibes are strong.

EMPLOYEE OF THE MONTH

Mr. James Larney the Auto Body teacher of Chilocco has been selected as Employee of the Month. He is very active in community affairs in Ark City, his home. He is a member of the Ark City Police Reserves, Lions Club, Masonic Lodge, Shriners Club, the Antique Automobile Club of the Cherokee Strip, Fatemal Order of the Eagles, Cowley County Shriners Club, and the Midian Temple of Wichita. Jim was born May 25, 1927 and grew up in Oklahoma. He is a Creek Indian and has worked for the BIA here at Chilocco for 31 years. Jim is married to Ida Larney and has been married 25 years. Ida is also a staff member at Chilocco. Jim's favorite hobby is tinkering with Antique cars.

Mr. Larney is an Alumus of Chilocco and commented that "Chilocco helped raise him and did a good job of helping him to succeed in life." He also says that he enjoys teaching the students here at Chilocco and hopes that Chilocco will be good for them also.
